Feedback Obtained

The curriculum of the college is following the University norms. A wellstructured teaching strategy is followed by staff members. The activities of the students and teachers are recorded every year. They have interactive sessions and feedback collections on curriculum and other aspects. Every year, the Board of studies meeting has been conducted by each department with subject experts from various Colleges/Universities to change over and revise the curriculum syllabus. A well organized mentoring system is followed by teachers who are giving guidance to a heterogeneous group of 10 to 20 students in each programme. The college has computerized library with large number of books, journals, eresources, audiovisual aids and so on. The updated online courses like SWAYAM and MOOC are introduced for the benefit of staff and students. Audio visual aids besides all facilities in the library are useful to frame the curriculum. Students' feedback and their grievances are redressed by the faculty members and council of the college. They take the opportunity to arrange tutors to rectify and resolve the grievances. The members who frame the curriculum make necessary changes in the syllabus for the upliftment of the students. Feedback from parents, alumni, teachers and also from students are being consolidated to the maximum extent to set curriculum and other aspects for the benefit of the students as well as the college. There have been interactive sessions with subject experts, students and alumni besides suggestions from industrialists and corporates are considered for resolving the existing programmes and introducing new programmes along with their courses. The curriculum of the college is based on three main categories, such as skill based courses, courses for employability and courses for entrepreneurship. All the programmes of the college are based on these three to frame courses for the individual discipline. Elective papers are introduced for the students to select their own courses with their special interest in the name of Allied optional, Major optional and Supportive papers in various disciplines. Special coaching sessions such as NET/SET Classes, Spoken English and Alphabet club are conducted for students in order to develop their communicative skills. A wellstructured communicative lab is functioning with effective and innovative English oriented computer programmes, aimed at employability of the students with good communicative skills. In a nutshell, the curriculum has all the possibilities to enrich the knowledge of the students.

2.3.2 – Students mentoring system available in the institution? Give details. (maximum 500 words)

Mentoring system is an offshoot of counselling. It helps in the informal transmission of knowledge from the teaching community to the students. Student mentoring system is one under which a class tutor (the mentor) is assigned to act as an advisor or counsellor or guide to a group of students in each section of his or her class. The mentor is responsible for providing support in academic and personal aspects. It bridges the gap between the faculty and the students and creates a better environment in the college where students can approach the

faculty. In the mentoring system, basic information of the students is collected by the respective mentor and it has been recorded. Whenever the students need counselling, the mentor approaches the students based on their personal information. Basically, stress related issues, economic issues, and personal issues have been concentrated in this system. Moreover, career guidance is also being given in this system. Evidence of Success: Though the system has been implemented earlier, significant improvement has been adopted and the output can be seen. Also, the system is very useful in identifying slow learners and advanced learners based on the requirement deduced through a careful examination of each mentor's report. The college has organized several remedial classes for slow learners in the identified topics/subjects for slow learners. Targets Achieved • Enhanced contact hours between mentors and their respective wards • Improvement in the attendance records • Minimized student dropout rates • Identification of slow learners for conducting remedial classes • Advanced learners identified and given counselling for higher education

2.7 – Student Satisfaction Survey

2.7.1 – Student Satisfaction Survey (SSS) on overall institutional performance (Institution may design the questionnaire) (results and details be provided as weblink)

www.gobiartscollege.org

CRITERION III – RESEARCH, INNOVATIONS AND EXTENSION

3.1 – Promotion of Research and Facilities

3.1.1 – The institution provides seed money to its teachers for research

Yes

Name of the teacher getting seed money

Dr. S. Ponnarasu

3.1.2 – Teachers awarded National/International fellowship for advanced studies/ research during the year

Type	Name of the teacher awarded the fellowship	Name of the award	Date of award	Awarding agency
No Data Entered/Not Applicable !!!				

3.2 – Resource Mobilization for Research

3.2.1 – Research funds sanctioned and received from various agencies, industry and other organisations

Nature of the Project	Duration	Name of the funding agency	Total grant sanctioned	Amount received during the year
Major Projects	2	ICSSR	5.25	2.1
Any Other (Specify)	1	National Human Rights Commission	0.5	0.46

3.2.2 – The institution provides seed money to its teachers for research,

No Data Entered/Not Applicable !!!

3.3 – Innovation Ecosystem

3.3.1 – Workshops/Seminars Conducted on Intellectual Property Rights (IPR) and Industry-Academia Innovative practices during the year

Title of workshop/seminar	Name of the Dept.	Date
International Conference	Tamil	13/07/2018

on Panmuga Nokkil Tamil Ilakkiyam		
National Seminar on Guru Arul Illayel Thiruvarul Illai	Tamil	26/09/2018

National Seminar on Driving towards Equality and Empowerment of Women	Political Science	08/03/2019

3.3.2 – Awards for Innovation won by Institution/Teachers/Research scholars/Students during the year

Title of the innovation	Name of Awardee	Awarding Agency	Date of award	Category
Young Economist Award	Dr. S. Ponnarasu	Association of Economists of Tamil Nadu	22/12/2018	Assistant Professor of Economics

3.3.3 – No. of Incubation centre created, start-ups incubated on campus during the year

Incubation Center	Name	Sponsored By	Name of the Start-up	Nature of Start-up	Date of Commencement
No Data Entered/Not Applicable !!!					

3.4 – Research Publications and Awards

3.4.1 – Ph. Ds awarded during the year

Name of the Department	Number of PhD's Awarded
Computer Science	2
Commerce	6
Economics	1

3.4.2 – Research Publications in the Journals notified on UGC website during the year

Type	Department	Number of Publication	Average Impact Factor (if any)
National	Tamil 3, Physics 1, Commerce 2	6	3.95
International	Tamil 6, English 5, Economics 7, Commerce 24, Mathematics 6, Physics 8, Chemistry 4, Management 9, CS IT CT 25	94	4.83

3.4.3 – Books and Chapters in edited Volumes / Books published, and papers in National/International Conference Proceedings per Teacher during the year

Department	Number of Publication
Tamil	14
English	3
Commerce	6
Physics	1
Chemistry	2
Botany	1
Management	2
CS/IT/BCA	14

3.4.4 – Patents published/awarded during the year

Patent Details	Patent status	Patent Number	Date of Award
No Data Entered/Not Applicable !!!			

3.4.5 – Bibliometrics of the publications during the last academic year based on average citation index in Scopus/ Web of Science or PubMed/ Indian Citation Index

Title of the Paper	Name of Author	Title of journal	Year of publication	Citation Index	Institutional affiliation as mentioned in the publication	Number of citations excluding self citation
Observation of Parametric phenomenon and non tilted orthogonal schematic	Dr.D.Venugopal	Physica B	2018	0	Gobi Arts Science College, Gobichettipalayam	0

phases in hydrogen bonded ferro electric liquid crystals for photonic applications						
Studies on Sn and Fe doped TiO ₂ Thin films prepared by Solgel dip coating	Mrs.R.Rajeshwari, Dr .D.Venugopal	International Journal of Creative Research thoughts	2018	0	Gobi Arts Science College , Gobichetti palayam	0

7.1.7 – Initiatives taken by the institution to make the campus eco-friendly (at least five)

1. The entire Campus is free from plastic
2. Use of bicycles by more number of male and female students (Bicycles rallies had been organised to create awareness among public to avoid the usage of plastic and to promote cycling)
3. Ewaste management
4. Promotion of paperless office
5. Coloured bins for segregation of waste
6. Establishment of Herbal Garden

7.2 – Best Practices

7.2.1 – Describe at least two institutional best practices

1. Physical and Mental Health Consciousness Physical and mental health are strongly interconnected. However, in the modern sedentary lifestyle little attention is paid towards activities related to physical and mental fitness. A poor physical health may lead to a mental disturbance and simultaneously a mental health problem can lead to physical health disorders. The institution pays equal attention for a comprehensive health improvement and social wellbeing of both students and staff. This is accomplished through three major

activities: • Yoga and meditation • Sports and games for both Students and Faculties • Fitness Centre activities

Yoga and meditation: Practicing yoga has both physical and mental health benefits. The College offers Yoga and Meditation as part of the curriculum for all the undergraduate students for the first four semesters. The curriculum has been framed by the VISION (Vethathiri Maharishi Institute for Spiritual and Intuitional Education), an educational wing of the world Community Service Centre (WCSC) founded by Vethathiri Maharishi, a contemporary philosopher of 21st Century. The curriculum includes both philosophy and practices. The practices focus on the components of the SKY Yoga system [Simplified Kundalini], developed by Maharishi after years of his intense meditation, yogic practices and research. The SKY Yoga system includes:

- Simplified Physical Exercises for Health
- Meditation Practices for Inner Peace
- Kaya Kalpa Yoga for Antiaging

Simple meditation techniques help to acquire sound mind and leads to selfrealization. The course has been designed to inculcate moral and ethical values among the student community and to improve the discipline and culture of the college atmosphere.

Sports and games for both Students and Faculties: Competitive and recreational sports are conducted as per schedule during an academic year. Based on the enrolled list of participants, teams are formed for both staff members and students for various events. The events include both indoor and outdoor sports. Prizes are distributed to the winners of students and staff categories. These activities reduce stress among students and staff, thereby boosting their selfesteem.

Fitness Centre activities: The fitness centre has been fully equipped with amenities to carryout maximum physical exercises. Trained dedicated staff members guide the practitioners. All the students and faculty members benefit from the facilities.

2. Blood Donation Student volunteers donate blood on a regular basis which is a crucial element for ensuring a safe and reliable supply of blood. Blood donation groups are arranged regularly in association with Government Hospital Gobichettipalayam. Apart from the regular camps, donation of rare blood groups is also done round the year as on when needed. Organization of regular blood donation camp has resulted in the following key benefits:

7.3 – Institutional Distinctiveness

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words

The College strives to impart the quality higher education to male and female students inhabiting the rural areas around Gobichettipalayam along with its prime motto knowledge, discipline and upliftment. In a year, the college receives a greater number of applications from lowincome families who aspire to educate their children despite their odds. The prominent role of our college in producing thousands of firstgeneration graduates with distinction is a noteworthy contribution in the nation empowerment. Over the years, the college pays due attention in designing and delivering a needbased curriculum. Methodical planning, content enrichment, implementation and periodical evaluation have resulted in the transformation of present curriculum, thereby equipping the students with recent knowledge or skills as and when required. The college recognizes the educational needs of the weaker sections in the society and enrolls the wards of economically deprived sections by charging a nominal amount as tuition fee without collecting any capitation fee since its inception in 1968. Furthermore, the tuition fee is fully waived for students whose both parents are deceased. In a true sense, the educational need of a poor student is completely taken care, without compromising the objectives of a

valuebased education. This to a larger extent has resulted in grooming them as responsible citizens of future India. In addition to helping the needy, the institution ensures impartiality in the admission procedure too. This institution is a pioneer in successfully implementing and operating the 'singlewindow admission procedure' based on pure merit on par with Medical and Engineering admissions. We have a dedicated Women Development Centre to address the challenges and issues faced by the women community in the campus. A fully functional Internal Complaint Committee (ICC) is being constituted and functioning to meet out the various grievances. Apart from the curriculum enrichment through academic and research infrastructures, the institution provides opportunities to students to earn while learning to meet out their expenses. The College selects economically weaker students and offer parttime employment in library related activities. The scheme is so flexible that the selected students can work in their free hours and stipend is being provided by the Management. In ensuring the safety of the students, we have initiated a 'Group Insurance Scheme' for all the students in collaboration with New India Assurance Company Ltd. In the academic year 201819, eight students have got benefited through this scheme. Use of mobile phones and gadgets is strictly banned in the campus in accordance with the instructions from The Directorate of Collegiate Education, Chennai. However, the usage of gadgets is encouraged offcampus to keep up with assignments, class schedules and to access students' course materials (as part of flipped classrooms in Outcome Based Education) thereby bridging the gap between students, faculty and administration. The College has established an exclusive sports environment that matches national standards in delivering sports facility to the students. This includes a sprawling ground and an indoor stadium with modern amenities. A fitness centre with stateoftheart infrastructure established through funding by UGC is also functioning in thecampus.

8.Future Plans of Actions for Next Academic Year

Focus will be given to increase the number of Addon courses. Plan to introduce Joboriented Post Graduate Diploma Courses in collaboration with reputed IT companies. Plan to establish Community Radio. The newly recruited faculty will be propelled to advance their research capabilities (Publications, M.Phil. / Ph.D. supervision). More number of faculty and students will be encouraged to Join the online SWAYAM Course conducted by UGC, NPTEL, AICTE, etc. Attention will be paid to increase the alternate power supply through renewable energy sources (Solar Energy). Actions will be taken to involve more number of participation of Government and NonGovernment Bodies (Local People) while conducting various awareness programmes. As an initiative to promote our National Game, an exclusive new Playground for Hockey will be developed. Students Exchange Programme with other Higher Education Institutions will be organized in India and Abroad.
